

Active and Passive Member

A member of Analog becomes passive if they choose not to sign up for any shifts for a semester. This does not include certain roles who are exempted to do so by fulfilling another role. This includes the board, kitchen manger, storage manager, shiftplanner, auditor, social manager. A passive member can become active again by signing up for shifts in the following semester.

A passive member in Analog receives no perks, does not have access after-hours to Analog and is not allowed in the kitchen.

A member is allowed to be passive for two consecutive semesters. If a member is passive for a longer time, they automatically resign their membership of Analog and must apply as any other student in order to be part of Analog again.
