

I have a great idea

Amazing! Analog is always looking to better itself. If you feel like you have the perfect idea, or want to improve something already implemented, that is really cool! We always welcome Baristas that have something they want to contribute with.

Here is a short guide on who to contact:

- If your idea is a physical thing that costs less than 500,-, you are free to buy that thing. The interior crew can help you find the perfect spot for it.
- If your idea is an event, you should talk to the Social Manager. They will be able to help you with budgeting, planning and execution.
- If your idea is an upgrade to the products/kitchen, you should to a Kitchen Manager or the Operations Manager. They can help you.

Revision #4
