

Board meetings

The Board has its sessions at Board meetings. At the start of every semester, the newly elected Board gets together, looks at their schedules, and decides when, and how often, they want to conduct Board meetings. These usually begin in the early evening. They are held at ITU. Dinner is on Analog, and we can also buy lots of snacks.

Agenda

Some time before the meeting, the chairperson puts forward an agenda. There is no set rules to what it should contain - whatever is relevant for Analog at that time is discussed. Initiatives, updates on various projects, discussing incoming requests, or whatever else can be on there. It is tradition to start with a round of personal check-ins, where we talk about how it's going. It's a nice way to start the meetings.

Revision #7
