

Merch

How to merch - A guide by Mo Ammar

Overview:

Traditionally we have ordered merch from sportified.dk. We order the merch and ask for prices by writing an email to them and kindly asking them questions. They can be contacted on sportified@sportified.com.

What we have ordered from them so far is: Totebag, t-shirts, sweatshirts. If you want to buy anything else, then as mentioned above, just write an email to them and they are usually very good at helping.

As far as we know, they can get most brands om clothing. However, the last few times we have ordered from Teejays: <https://www.teejays.com/dk/>

If there is an interest, all invoices can be found in our finance program. Ask the treasurer for help on this

Prices of course vary from order to order depending on order size, world situation etc. Take the history of prices as a reference point, but not as a given - unless they say so.

IMPORTANT TO NOTE: prices are often given without VAT, so if you want the exact price, then remember to add VAT.

If you order any merch, then please follow the format below and add to the lists, so we in the future can keep seeing the development of orders.
