Cards

In Analog we use Pleo for our cards. This system integrateds the accounting with the spending. Whenever a person spends money on a card, they also have to open the Pleo app and document it.

Pleo is setup, so it allways have X kr in the Pleo Wallet. This will automaticly be filled with money from the Bank Account Drift. This agreement can be found here: **Insert link to drive**

Cards:

Right now the following people have a card:

Cafe Analog:

Anders Stendevad:

Laura:

Jens:

Emil Anker Joensen:
